TECHNICAL INFORMATION SHEET

PYRAMID PLUS

CONCENTRATE RUST & SCALE REMOVER

PYRAMID PLUS is a powerful blend of mineral acids, corrosion inhibitors and wetting agents which can be safely used to de-scale and clean dishwashers, urns and kettles.

PYRAMID PLUS effectively de-rusts steel and cleans stainless steel and aluminium surfaces

Features

Powerful

Benefits

A highly active blend of acids and penetrating agents which combine to remove even the heaviest build-up of scale

Effective

Removes lime scale from stainless steel and aluminium surfaces without scrubbing. Also, removes rust from steel surfaces, replacing it with an inhibited phosphate layer. After treatment, the passivated steel can then be stored prior to further treatment

Safe

Contains non-fuming acids with incorporated inhibitors which help protect the base metal. Safe to use on equipment containing copper, brass and stainless steel components

Directions for use

PYRAMID PLUS can be diluted up to 40 parts of water for de-scaling dishwashers, vending machines, food processing tanks, water heaters and so on. For best results heat the solution to 50 - 65 deg. C. and circulate until the scale has been removed. Drain solution then rinse thoroughly with clean water

De-rusting Steel: Use as supplied. Apply by spray or use a dip tank. De-rusting can be accelerated by heating to 60 - 80 deg. C

Stainless Steel and Aluminium Cleaning: Dilute with up to 10 parts of water. Apply by spray or soft brush. Agitate then rinse well with cold water. For stubborn stains rub lightly with an abrasive pad

N.B. This product should not be used to clean aluminium with anodised or special finishes
