TECHNICAL INFORMATION SHEET

SEAL STRIP

PAINT, VARNISH and GRAFFITI REMOVER

SEAL STRIP combines a blend of powerful solvents and penetrating agents, which softens and lifts many kinds of paint and varnishes. **SEAL STRIP** is also effective in the removal of graffiti from many porous surfaces.

Features

Effective

Benefits

The powerful solvent action of **SEAL STRIP** quickly softens most kinds of paint and varnish. **SEAL STRIP** will remove graffiti marks from many surfaces without the need of scrubbing

Versatile

SEAL STRIP is available in both liquid and gel form for the removal of graffiti from vertical surfaces

Safe

SEAL STRIP is completely safe on most Metals, Stone, Brick and Wood surfaces

Directions for use

Paint & Varnish Removal: Apply **SEAL STRIP** by brush, mop or spray onto the surface, allow a few minutes contact time before pressure rinsing or scraping away

Graffiti Removal: Brush **SEAL STRIP** onto the graffiti, allow a few minutes penetration time and wipe away. **SEAL STRIP** removes stains such as Ballpoint pens, Lipstick, Crayon and Grease from many porous and non-porous surfaces

Removal Of Chemiclean Bond Seal: Apply **SEAL STRIP** evenly to the surface, leave in contact for 5 –10 minutes before scrubbing, using a polishing machine fitted with a black scrubbing pad. Finally, wash the floor thoroughly and allow drying completely before re-coating with **BOND SEAL**.

N.B. Because of the powerful solvents in **SEAL STRIP** certain sub-striate may be affected. A small trial should first be conducted in an inconspicuous place
