## TECHNICAL INFORMATION SHEET

### CP923

### AUTOMATIC GLASSWASH DETERGENT

A concentrated detergent dispensed through a dosing system for use in glass washing machines. CP923 will leave glasses clean and sparkling.

#### Features

**Economical**

**Effective**

**Versatile**

**Easy to use**

**Biodegradable**

#### Benefits

Only a small amount of **CP923** is necessary to clean a large volume of glassware

**CP923** will remove heavy soiling and lipstick from most types of glassware

Contains powerful softeners, which enhance detergency and enable it to be used in hard or soft water conditions

**CP923** is pumped automatically into the dishwashing machine through a dosing system

Will not affect the natural bacteria found in sewage systems

#### Directions for use

**CP923** must only be used with the automatic dosing equipment. Immerse the detergent suction tube into the **CP923** drum. The equipment will then automatically control the amount of detergent that is fed into the glass washing machine. The exact proportion of detergent to water is adjustable to suit your own particular requirements, and this will be pre-set by your representative. For optimum results, the wash temperature should be between 60-65Deg.C

**CP923** is available in 4 x 5 litre and 25 litre containers
