TECHNICAL INFORMATION SHEET

CRYSTAL

Vehicle Wash and Wax Shampoo

CRYSTAL contains hard wearing ester waxes and a blend of surface active agents coupled with inorganic alkaline detergents. This blend is designed to remove efficiently surface dirt from all kinds of vehicles without affecting the paintwork. After rinsing, the vehicle surface will be left with a high gloss wax film which protects the surface against moisture and atmospheric weathering effects

Features

Effective

Benefits

CRYSTAL combines both very effective cleaning properties with long lasting wax protection

Efficient

CRYSTAL is extremely concentrated. It can be used at dilutions of up to 1 part per 100 parts of warm water, depending upon the degree of soiling

Safe

CRYSTAL is a lightly built synthetic detergent. It is completely safe to use on all painted surfaces. **CRYSTAL** will not affect glass, plastic, vinyl and other surfaces found on automobiles.

Biodegradable

CRYSTAL is fully biodegradable in hard and soft water

Directions for Use

Dilute **CRYSTAL** with between 50 and 100 parts of hot or cold water, depending upon the degree of soiling. Use this solution to clean the surface dirt from the automobile before rinsing the surface with cold water and either leave the surface to dry or use leather. For automatic car washing machines, the manufacturers recommended dilutions for the machines should be followed. Dilution is normally at 1 part to 100 parts of water
