TECHNICAL INFORMATION SHEET

DEEP FRESH

Heavy Duty Cleaner & Rubber Mark Remover

DEEP FRESH is specially formulated solution of caustic alkalis and versatile surface active agents, to remove grease, oil and other types of stubborn grime from a variety of surfaces, including the removal of rubber tyre and heel marks from floors. **DEEP FRESH** is safe to use on most hard surfaces clean and pleasantly perfumed. **DEEP FRESH** will easily remove Metalised Floor Polishes, without the need for a neutralising agent.

Features

Effective

Benefits

Quickly removes grease, oil, dirt and grime with a minimum of physical effort.

Economical

Can be diluted with up to 60 parts of water for cleaning and up to 10 parts with water for polish stripping.

Fragrance

Pleasant lemon fragrance with no harsh solvents or Ammonia

Versatile

Cleans many washable hard surfaces in addition to removing old polish from polished floors.

Biodegradable

Completely biodegradable in both hard and soft water

Directions for use

Polish Removal: Dilute with up to 10 parts of hot water. Mop onto the floor allowing 5 minutes contact time before scrubbing the surface using a polishing machine fitted with a black pad. Remove the slurry either by mop or suction methods. Rinse the floor twice using clean water and allow the floor to dry before applying fresh polish.

Hard Surface Cleaning: Dilute with up to 60 parts of hot or cold water. Spray, mop or sponge onto surface. Leave for 5 minutes contact time before scrubbing or rinsing surface

N.B. **DEEP FRESH** should not be allowed to dry onto glass.

Rubber Marks: Apply **DEEP FRESH** with floor scrubber, mop or sprayer at a dilution up to 10 parts with water, agitating if necessary, then rinse surface with clean water or wipe dry.
