

CHEMICLEAN PRODUCTS

TECHNICAL INFORMATION SHEET

FASTKLEAN

Heavy Duty Aqueous Degreaser

FASTKLEAN is an alkaline degreaser in powder form, specially formulated for use in hot water parts washer for the purpose of removing heavy oil, grease and general grime from metal and plastic components. **FASTKLEAN** is an ideal degreaser for cleaning Gearboxes, Engines and other Motor components. **FASTKLEAN** is safe to use on all alloys including Aluminium and Mazak. Also can be used in both hard and soft water areas

Features

Powerful

Benefits

Concentrated degreaser specially formulated to remove the heaviest of oil, grease and carbonised deposits from metal components.

Versatile

FASTKLEAN is used in many Automotive and Engineering industries as a heavy duty degreasing agent to remove carbon, carbonise sludge, heavy oil and grease. **FASTKLEAN** is an ideal degreaser for cleaning Gearboxes, Engines and other Motor components.

Safe

FASTKLEAN is safe to use on all alloys including Aluminium and Mazak. Also can be used in both hard and soft water areas

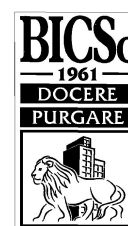

Biodegradable

FASTKLEAN is completely biodegradable

Directions for use

Heavy soiling: Dilute **FASTKLEAN** 20:1 with water (3 x 60g scoops per 5 litres of water)
Light \ Medium soiling: Dilute 30:1 with water (2 x 60g scoops per 5 litres of water)
