TECHNICAL INFORMATION SHEET

GUM GONE

Chewing Gum Remover

GUM GONE is an environmentally friendly product made from the extract of oranges and other ozone friendly agents. **GUM GONE** has been specially formulated to remove chewing gum safely from all types of hard floor surfaces, carpets and upholstery without damaging the surface or fabric.

Features

Effective

Easy to use

Environment Friendly

Benefits

Special fast acting agents remove chewing gum either by dissolving or softening the gum sufficiently to be lifted gently from the surface with a scraper.

Supplied in easy to use viscous solution in 500ml bottle with directional nozzle. Can be used in enclosed spaces such as inside Buses and Coaches without any hazard to the operator.

Non chlorinated, providing a safe, biodegradable, environmentally responsible product. Doesn't contain any Trichloroethylene or other toxic solvents.

Directions for use

Use as supplied. Apply liberally to contaminated surface. Allow 10-15 minutes before removing using a suitable scraper or cloth. Wash any remaining residue from carpets and upholstery with **MERLIN 643**.
