TECHNICAL INFORMATION SHEET

OC14-HD

HEAVY DUTY OVEN CLEANER (BROWN)

OC14-HD is a blend of caustic alkalis and special surface active agents which combine to provide a powerful, viscous liquid cleaner. **OC14-HD** dissolves and removing baked-on deposits of fats, grease and oil from ovens, cooking utensils, deep fat fryers and other kitchen equipment

Features

Versatile

Benefits

OC14-HD is ideal for the cleaning of all hot ovens, grills and hot plates. **OC14-HD** is effective on vitreous enamel, cast iron, copper, brass and glass and most similar materials used for cooking purposes

Easy to Use

Simply spray **OC14-HD** onto a warm or hot surface and wipe with a soft, damp cloth to leave surface sparkling clean

Fast Acting

OC14-HD is supplied as a cling-thick liquid which immediately activates on contact with the surface to be cleaned

Effective

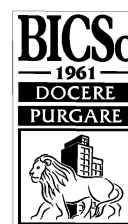

OC14-HD quickly penetrates and removes fats, grease and oil from dirty surfaces

Directions for use

OC14-HD should be used as supplied, simply spray or sponge onto the surface. For best results, the surface should be preheated to approximately 60 degree C (140 degree F) Leave the **OC14-HD** for up to 10 minutes before rinsing using clean water. For stubborn deposits, repeat the application

N.B. ALWAYS use rubber gloves when handling **OC14-HD**. **DO NOT** use **OC14-HD** on aluminium surfaces
