## TECHNICAL INFORMATION SHEET

### TAR & GLUE REMOVER

**TAR & GLUE REMOVER** is a blend of powerful solvents and emulsifiers specially developed to dissolve and remove tar and bitumen residues. **TAR & GLUE REMOVER** can be used on vehicle paintwork and a variety of other hard surfaces. **TAR & GLUE REMOVER** will also remove bitumen and resin packing from electrical couplers without damaging any metal surfaces

#### Features

**Easy to use**

**Powerful**

**Specialised  
Surfactants**

#### Benefits

Use as supplied by either spray or dip tank

Dissolves tar, glue and bitumen residues

Allows components to be rinsed clean with water

#### Directions for use

**Manual Method:** Spray or wipe **TAR & GLUE REMOVER** onto surface, leave for an adequate time before rinsing off with clean water

**Dip Tank Method:** Use a mild steel tank. Add **TAR & GLUE REMOVER** to tank as supplied. Immerse components to be cleaned, leave for up to 12 hours before removing and rinsing off with clean water.
